CAMPAIGN AGAINST RATS CONTINUES IN NAVARRO COUNTY

ALL SECTIONS OF COUNTY BEING VISITED BY GOVERNMENT EXPERT

War is still being waged on the rats of Navarro county under the direction of E. C. Cates, special representative of the United States Biological Survey. Interest in the race for the prizes offered the various schools is increasing. Accompanied by J. L. Halbert, chairman of the Agricultural Committee of the Chamber of Commerce, Cates visited Frost and a number of communities in the western part of the county Monday.

On Tuesday, Cates and Roy Christian are scheduled to visit Kerens, Rural Shade and several other points in the eastern portion.

Taking advantage of the holiday, last Friday, the school authorities and pupils staged a vicious all-day campaign against rats in that community. No report is available on the results at this time.

Schools working for the prizes are requested to send in their reports promptly to Andrew G. Steele, county school superintendent, so that the standings of the various schools can be announced. A number of the schools have reported so far, but several others are yet to be heard from, due probably to the break in the regular routine caused by the Thanksgiving holidays.

A prize has been offered through W. H. Phillips, negro county demonstration agent to the colored school turning in the greatest number of rat tails, with a minimum requirement of 500.

Bonds for the paving were voted more than three years ago and practically all of the lateral roads in the \$1,250,000 road program have been constructed. Delay after delay and road tape of the many approved delayed start on the main highways.

CHRISTMAS SEALS PLACED ON SALE IN CORSICANA SECTOR

CORSICANA PUBLIC HEALTH NURSING BOARD WILL HAVE CHARGE OF SALES

The annual sale of Christmas Seals, those little emblems of a wonderful work that is being carried on to check the spread of the Great White Plague and to aid in the bringing back to health of those who have fallen victim to the dread disease of tuberculosis, is now on in Corsicana and many of these seals are expected to be disposed of in this city and surrounding territory. The seals are being sold under the supervision of the Corsicana Public Health Nursing Board, and the members are already active in the matter.

The seals are about the size of a postage stamp and may be placed on the reverse side of letters and packages mailed around Christmas time. They are attractive in design and are emblems of good cheer for this happy season of the year, and the funds go to preventative and reclamation work in the fight against tuberculosis by the organization, which is an adjunct to the American Red Cross but which is handled separately from its work in other fields of humane work.

The funds derived from the sale of those seals are used exclusively for this feature of the work and all who purchase seals are thus aiding in a cause the greatness of which cannot be minimized. More about these seals and their sale will appear from time to time.

NEW MODEL FORDS WILL BE SHOWN IN CORSICANA FRIDAY

PUBLIC RECEPTION AT LOCAL FORD AGENCY TO MARK SHOWING

The full story of the new Ford automobile, described by Henry Ford as being "superior in design and performance to any available in the low price, light car field," will be told first in Corsicana next Friday, December 2, according to announcement today by local dealers.

A public reception is to be held here simultaneously with similar gatherings at every Ford dealer in the United States, thus constituting a part of the greatest automobile show in the history of the industry.

While no detailed description have yet been given out by local dealers, the Ford Motor Company from its headquarters in Detroit, has announced that the new Ford car will be as far in advance of present public demand for speed, flexibility, control in traffic and economy of operation as the famous Model T was in advance of public demand when it was introduced in 1908.

Dealers have not yet been advised as to the prices at which the new Ford line will sell, but definite assurance has come from Detroit that the prices will be entirely in accord with the policy of the Ford Motor Company to provide the best possible automobile at the lowest possible price.

Elaborate arrangements are being made for the public reception here.

City officials and prominent business men of Corsicana and vicinity have been invited and preparations have been made to give every caller at the show a thorough understanding of this car which is expected to make a new chapter in automobile history.

FORBES RELEASED FROM PRISON AFTER SERVING PART TIME

By Associated Press.
Leavenworth, Kansas, Nov. 26.—Announcing his most important mission in life would be "correct the erroneous impression the public has been given of President Harding," Colonel Charles R. Forbes today returned to civilian life after completing service on a two-year term in the Federal penitentiary here.
The 49-year-old former director of the United States Veterans' Bureau, who was convicted in Chicago in 1925 of defrauding the government in awarding contracts for veterans hospitals, was released at midnight.
Clad in a neat business suit, his hat concealing his grey hair, he emerged from the prison gate with a firm step in marked contrast to his entry. Rigorous application to his profession of civil engineer in surveying penitentiary property and even in welding a hammer and a saw in construction work, apparently has restored him to the health he enjoyed in a long army career.

Issues Statement.
He paused only long enough to issue a long statement on his plans for the future before entering an automobile with a newspaper man of St. Louis. They left immediately for that city.
"Some of the facts I shall reveal will be no less startling and sensational than many of the charges made."

His statement, dealing largely with recommendations for handling prisoners in various types of penal institutions, concluded with the announcement he "had startling facts to reveal," relative to his connection with the Harding administration.
In conclusion the statement said: "In the light of the erroneous impression the public has been given of President Harding, I shall have some interesting facts to reveal facts which will put to shame a lot of sycophants and calumniators whose chief purpose seems to be the destruction of the good character of one of the noblest men it has been my privilege to know."

Public Impression False.
"My personal and intimate association with Warren Harding has placed me in a position to prove the falsity of much that has been furnished the public, and this shall be the most important mission of my life."
"Could he (Harding) defend himself, the American public would have a much different impression about some of the important happenings of his administration. He was a man who loved his friends victimized through his belief in the fundamental honesty of men in high public offices."

History of Forbes Case.

By Associated Press.
Col. Charles R. Forbes, under whose administration of the United States veterans' bureau millions of dollars were alleged to have been wasted through graft and mismanagement, leaves the federal penitentiary at Leavenworth, Kan., a confessed pauper.
Declaring he was unable to pay the \$10,000 fine imposed in Chicago when he was sentenced to two years in prison for defrauding the government, Forbes elected to take a pauper's oath and to spend 30 additional days in the penitentiary to satisfy the court's judgment.
Had the former director of the veterans' bureau paid the fine he would have been freed October 27, at the expiration of his sentence. His term automatically was reduced 144 days for good behavior. A parole had been denied him.
Forbes was assigned to work as a draftsman and architect at the prison, but was incapacitated at various times by Bright's disease. He had not fully recovered from a stroke of paralysis when he was committed March 20, 1926.

Once an army officer with a distinguished record in France, a confidant of a president and the chief of a government agency supervising the expenditure of nearly half a billion dollars a year for the relief of veterans of the world war, Forbes was sent to the penitentiary on conviction for accepting money in a conspiracy to defraud the government in the letting of contracts for veterans' hospitals.

Testimony that debauchery, bribery and extravagance existed under his administration of the veterans' bureau was given at his trial in Chicago and before a congressional investigating committee in Washington.
Forbes was appointed director of the bureau by President Harding. The contracts mentioned in the charges were let to a St. Louis firm owned by James W. Black and John W. Thompson. Both Black and Thompson are dead. The latter was convicted with Forbes but died before he was ordered to prison.

Charles E. Cramer, one time general counsel of the veterans' bureau, also was named as a party to the conspiracy. He died more than a year before the trial.
Elias H. Mortimer, the government's chief witness and self-confessed "go-between" and "fixer," testified concerning corrupt transactions with Forbes, described lavish parties given by the bureau director and charged with Forbes had broken up his home. Mrs. Mortimer later obtained a divorce in Philadelphia.

The trial of Forbes and Thompson consumed nine weeks. Neither defendant took the stand to deny Mortimer's testimony. The principal overt act alleged was the payment of \$5,000 to Forbes by Mortimer in a Chicago hotel, June 29, 1922. Mortimer testified he was acting for Black.

NOTED OUTLAW IS TAKEN LATE FRIDAY HOT SPRINGS, ARK.

By Associated Press.
Kansas City, Nov. 26.—Capture of Ray Terrill, convicted bank robber, here today, "corrected the erroneous impression the public has been given of President Harding," Colonel Charles R. Forbes today returned to civilian life after completing service on a two-year term in the Federal penitentiary here.

Terrill was forced to surrender yesterday when police traced a stolen automobile to his home. A companion giving the name of A. J. Pittman and two women arrested with him at a house containing a collection of shot guns, rifles, pistols, tools, diamonds and considerable cash.
Pittman, later was identified as Elmer Inman, who eloped with Lavona Coddling, daughter of the warden of the Kansas penitentiary, after he served a term there. He recently escaped from Oklahoma authorities after he had been convicted of a charge of robbery.
Terrill was linked with Matthew Kimes, convicted murderer, in a series of daring robberies in the Southwest, climaxed by a raid on banks at Beggs, Okla., last summer in which the town constable was slain. While Terrill was not charged with this robbery, Kimes was identified as the leader and captured in the rugged Grand Canyon country Arizona.

Already convicted of slaying an officer, Kimes was again convicted of murder in connection with the Beggs holdup and sentenced to the electric chair. He has been granted a new trial.

Want Ray Terrill Returned to Kansas

By Associated Press.
Parsons, Kans., Nov. 26.—Frank Pfeiffer, jeweler, and Earl Johnson, deputy sheriff, departed for Hot Springs, Ark., today to attempt to have Ray Terrill, captured there yesterday, returned to Parsons to face charges of robbing the Pfeiffer jewelry store last Sept. 12.

Ralph Scott, one of the bandits alleged to have been headed by Terrill, is serving 21 years in the Kansas penitentiary for the robbery.

Charles H. Gory, county attorney said Kansas City, Texas, Oklahoma and Colorado officers also were on their way to Hot Springs in an attempt to get Terrill.

GOT RID OF POISON

Kentuckian Finds Black-Draught
a Great Aid in Relieving
Constipation, and Soon
Feels O. K.

Catlettsburg, Ky.—Mr. Miles Hopkins, of 1215 Center Street, this city, says:
"There was a time when my health was not so good. I suffered a great deal from gas pains. My system was saturated with poison which was not properly eliminated. From time to time I had severe headaches, and I felt sluggish and dull."

"I knew of Black-Draught as a medicine for constipation, so I thought I would try it. For a while I took a small dose every night until my system was rid of the accumulated poison."
"I gained in weight and my general health was good. That experience made me realize the merits of Black-Draught. I kept it in my home and when I begin to feel listless and dull, I take a dose, after which I feel O. K. again."

"People generally do not realize the risk they take in allowing constipation to build up. I try to keep my system cleansed, and I find Black-Draught a great aid in doing this."

court of appeals at Chicago sustained the conviction, summarized the conspiracy as follows:

"The scheme contemplated the selection of sites and building of various hospitals. The submission of bids that would include in each one \$150,000 for certain of the officials and a further division of the profits, the insertion in the bids of a provision calling for early completion of the buildings so that Forbes could let the contract to Black and Thompson though they were not the lowest bidder."

Forbes contended he was a victim of circumstances and of Mortimer's personal animosity.
Forbes was a summer boy in the Marine corps at the age of 12. He served two years and then at the age of 22 enlisted in the signal corps. He deserted, returning and was reinstated, was promoted to a sergeant in the Philippines and received an honorable discharge.
After his army experience he engaged in the construction business in the Pacific northwest, going later to Hawaii where he rose to be commissioner of public works. There he first met Harding, who as senator from Ohio was making a tour of the islands.
When the United States entered the world war, Forbes was commissioned a major. He served overseas, won a distinguished service medal and was made a lieutenant-colonel. After the war he went back to the construction business. After Harding's election he appointed Forbes to the veterans' bureau post.

New Carpet Tempers Hubbub in Congress

By Associated Press. Washington, Nov. 28.—A heavy carpet is being laid on the floor of the house Chamber and members are hoping it will soften that for years has echoed up from the old oak floor. The large chamber leans readily to echo, and the voices of members addressing the house, plus the conversation of those in their seats who are not listening, has been conducive to a general confusion of sound. Whenever members have been quiet the audibility has been good—but just the same a carpet is being put down.

Pastor's Invention Keeps Sleepy Awake

By Associated Press. Green Bay, Wis., Nov. 28.—Dry air and not dry sermons are the cause of "church sleepiness," the Rev. Emil Buehrer of Green Bay believes. So he set out to find a cure for the malady and now announces the granting of a patent on an "air humidifier" he has invented. "My humidifier," he says, "will keep the air clean and moist, and there will be no excuse for anyone dropping off to sleep in a church in which it is used."

TEXAS TEACHERS CLOSED MEETING IN HOUSTON SATURDAY

H. D. FILLERS OF CORSICANA NAMED ON EXECUTIVE BOARD SIXTH DISTRICT

Houston, Texas, Nov. 28.—Resolutions adopted Saturday at the closing session of the forty-ninth annual convention of the Texas State Teachers' Association demanded the passage of a law compelling all public school teachers to undergo yearly health examination.

The teachers also went on record as approving a more thorough course in citizenship training. The president is authorized to name a committee to work with the State Department of Education in providing curriculum material for training in citizenship from kindergarten to high school.

While the resolutions committee expressed itself as favorable to a secretary of education in the President's Cabinet, it was decided not to ask for such action, as it was felt that this question had not been sufficiently discussed before the Texas State Teachers' Association.

Endorsements of efforts of the Texas Allied Printing Trades Council to use textbooks by Texas authors, printed in Texas, was recommended, to be reported at the next annual convention.

The incoming president in a resolution adopted, was authorized to appoint a committee on study revision, this committee to co-operate with the State Department of Education.

The executive committee will select the 1928 meeting place. Amarillo was the only city making an open bid by the display of badges for next year's convention.

W. L. Hughes, professor of rural education, A. & M. College, president-elect of the State Teachers' Association, was introduced to the convention by Rattings President H. D. Green of Abilene.

State Superintendent of Education S. M. N. Marrs advocated regional meetings for the teachers with the State divided into six districts. "The Legislature paid more attention to us when we were a smaller body than they do at present," he said.

President-Elect Hughes resigned as a member of the executive committee from the sixth district. The vacancy was filled by the election of Superintendent H. D. Fillers of Corsicana.

BUILDING CONTINUES IN CORSICANA WITH NUMEROUS PROJECTS

BRICK BUSINESS BUILDINGS AND HANDSOME HOMES BEING CONSTRUCTED

While Corsicana is not enjoying anything like a boom in the building line, there are several rather large building projects under way in this city at this time, among them being brick business buildings and handsome residences, with numerous residences of a more modest plan.

The large and handsome two-story brick business house being erected by Marks Brothers on Beaton street, for the McCallan Stores Company, and the equally handsome but smaller two-story structure adjoining being erected by the I. Baum Estate for the F. W. Woolworth Company store, to replace the building which partially collapsed recently, are nearing completion and both firms are expected to get in the buildings and be ready for business within the next few days. Extra forces of artisans have been at work on the buildings and they will be two of the most complete and modern business buildings in the city when completed. The outlay on the buildings will run around \$55,000 combined, when completed, it is estimated.

The handsome brick and concrete fireproof four-story Navarro Clinic is nearing completion at the corner of Thirteenth and Collin streets, and when completed will cost around \$80,000. This will be one of the most modern and complete small hospitals and clinics in the state when it is opened for the reception of patients. Everything in connection with the building and equipment will be the last word in hospital and clinical construction and furnishings.

The handsome H. R. Stroube home is nearing completion, the outside work having progressed to the extent that the building stands as one of the handsomest in the state. This addition to Mills Place when completed will be one of the scenic standpoint as the building, which in itself is extremely handsome, stands in the midst of a large plot of ground that lends itself ideally to beautification and with the landscape gardener's art as an aid to nature, it has already been made into a pretty scene.

The handsome M. L. Levine brick home at the corner of Twenty-Fifth street and Park avenue in Jester Place, is nearing completion and is one of the handsomest in the city. The home is so near completion that the Levine family expect to be able to occupy it at an early date. It adds greatly to a section of beautiful homes.

The foundations are complete for the W. C. Stroube home in Mills Place, just opposite the H. R. Stroube home. While the work on this handsome structure has not progressed to the point where its outlines can be foretold, it is expected to be one of the handsomest in the city and will be the fifth handsome home completed in Mills Place within the past few months and will aid in making this small scenic spot one of the handsomest home that cannot be surpassed in this part of the nation.

There are numerous other homes being constructed and other building work going on here which is keeping the building trades busy the greater part of the time. An addition is being made to the big Magnolia pump station south of Corsicana at this time also.

Two New Brick Stores. Morris Dreessen has let a contract to Horace Carson for the construction of two stores on the east side of Commerce street. The building will be 30x100 feet, and will be divided into two sections. Work is expected to start at once.

COLDS SPREAD IN NUMEROUS WAYS IS DOCTOR'S CLAIM

COMMON COLDS CARRIED BY HANDS, FOOD AND FLIES IN MANY INSTANCES

By Associated Press. Dallas, Texas, Nov. 28.—Common communicable colds are transmitted, carried and spread by fingers, food and flies, according to Dr. Manton M. Carrick, director of the Dallas public health department.

In an article released today, Dr. Carrick tells of the best method of avoiding colds. It follows in part: "Infections? Yes, probably 90,000,000 United States colds every year are contracted purely by infection from one to another precisely as measles, diphtheria or scarlet fever are.

"What spreads colds? Just the same thing exactly that spreads most of our other infectious diseases, the transfer from the patient to others of the discharges of his nose and mouth. You sneeze or cough and your mouth spray flies wide; but even when you talk, mouth spray flies out also, although not so far.

"Mouth spray in talking flies about three feet, but in coughing and sneezing mouth spray flies about 10 to 12 feet.

"Colds are spread by the hands. 'Oh ridiculous! Catching cold by your hands. Yes, that is the way most infectious diseases are spread according to the best of our public health authorities all over the world. How? You have a cold, you sneeze, you cover your nose and mouth with your hand, so far so good. Then you shake hands with your friends and the mouth spray which you have saved from getting through the air you gave him on his hand. But it won't hurt him on his hand. No, while it stays there—but watch him. In a minute he puts his fingers in his mouth or on his lips or he pulls out some chewing gum with his fingers or picks up his pipe by the stem and puts the stem in his mouth. As long as we have the colds, our mouth spray and

HEREFORD STEER WINS CHAMPIONSHIP FOR TEXAS A. & M.

By Associated Press.
College Station, Texas, Nov. 25.—Bonnie Anxiety X. Hereford breed steer, owned by the A. and M. College of Texas, which added to his laurels and set a new mark for the college when he took the grand championship over all breeds at the American Royal Livestock Show in Kansas City recently, is 12 months old, was culled October 12, 1926, and stands out as the first grand championship of the kind ever won by the college in an out-of-state show.

The steer is the product of breeding at the college and for that reason his feet is recorded as of more than ordinary interest. Both his sire, Bonnie Perfecto, and his dam, Princess Perfecto, as well as his grand sire and his grand dam are owned by the college, which has pursued a policy of breeding its own show animals.

Bonnie Anxiety X. progressed to his great victory at Kansas City after having been chosen champion Hereford steer at the Texas State Fair at Dallas and Texas championship of his class at the Kansas National Livestock Forum at Wichita, Kansas.

D. W. Williams, head of the college animal husbandry department, said the steer might be sent to the International Livestock Show at Chicago.

While the victory of the steer was regarded as colorful news and was given great prominence, the college animal husbandry department also took considerable pride in the honor won by its livestock judging team, composed of six senior students, which took first place in judging at the Forum at Wichita and second place at the Kansas City show.

Members of the team are W. S. Amund, Ideal; J. M. Bird, Dublin; T. O. Greenward, Whitney; H. E. Howard, Devine; R. R. Peeples, Tahusca, and N. E. Ryall, Jasper. Ryall also was high point man at the Kansas City show where fourteen college teams competed.

At Wichita, where A. and M. took first place six teams competed, including Iowa, Kansas, Texas Tech, Oklahoma and Missouri. A. and M. had the high team on horses, second on swine and third on cattle.

The A. and M. team plans to go to Chicago to compete in the International Show, Nov. 26 to Dec. 3.

Frost Boy Finished Grid Career at End For Southwestern U.

Georgetown, Texas, Nov. 25.—When the humming whistle of the 1928 football season sounds, seven Pirates of this year's successful Southwestern University team will be missing.
Lee Lehmberg, center of Crockett; Harvey Ballew, end of Frost; Joe Allen, half of Georgetown; Claud Hallmark, half of Meridian; Brick Lowery, guard of Wichita Falls; John Rowntree, tackle, of Bartlett; and Frank Johnson, guard of Sonora, are the men who have donned the Pirate football togs for the last time.
Ballew's work as end was one of the features of the team, and his passing will leave a glaring hole to be filled next season.

Something Peculiar On Rat Subject Has Been Recently Noted

I have been finding rats on my premises afflicted strangely. Some are dead and others near dead. I have not been putting out poison, so was curious to learn the cause of death. I examined several dead and some near dead and found each had a strange worm or grub fully an inch in diameter and an inch and three-quarters long that had entered laterally and came out at the region of the navel. Some had as many as two grubs.

Athens Hornets Won District Title With Victory Over Marshall

Marshall, Texas, Nov. 25.—After being held to a scoreless tie for the first half, the Athens Hornets opened an aerial attack that led to three touchdowns in the final period and annexed the championship of District 6, by defeating the Marshall Mavericks 29-0 in Turkey Day game here. The victory ends the possibility of a triple tie, eliminates Marshall and Teller from the race, and gives Athens undisputed right to represent this district in the Inter-scholastic League play-off.

KERENS FOOTBALL SQUAD MAKES GOOD RECORD THIS YEAR

Special to the Sun.
Kerens, Texas, Nov. 25.—After the closing football game here today, the boys turned in their football togs with the expectation of donning their basket ball shirts after an intermission of rest of a week or two.

As the season's close is brought about, we should not permit the picture to fade away so suddenly, but review over the achievements of the season.

Kerens III has had the past two seasons wonderful successes with their football teams considering all obstacles that they have had to face. Much, if not all, of this credit should be given by all rights to the coach, Graydon Wilemon, under whose excellent tutelage have such achievements been attained. Last year he started with practically no experienced material and molded that material that was available into a winning machine. Then graduation last May took many of his regulars. So at the beginning of this season, he was in almost the same shape that he was in the preceding season. But with expert efficiency, he built up a victorious team, whose goal line had not been crossed on the local gridiron and in only one game on foreign soil this season, that being with Waxahachie. In only four games in the past two years, has the Bobcats' goal line been crossed. Those games were played against major teams, such as Corsicana, Teague and Waxahachie.

Below are the results of games played by the Kerens III Bobcats this season:
Kerens 0, Waxahachie 13 (away).
Kerens 19, I. O. O. F. Home 0 (Here).
Kerens 25, Kemp 0 (Here).
Kerens 21, I. O. O. F. Home 0 (Away).
Kerens 25, Malakoff 0 (Away).
Kerens 27, Ferris 0 (Here).
Kerens 0, Hubbard 0 (Here).

ALBERT YOUNG, JR. CHAMPION ROBERT SLAYER TO DATE

Albert Young, Jr., who lives about two miles south of Corsicana is leading the individual list in the Navarro County Rat Campaign on the count of 240 tails, according to early Saturday morning returns received at the Chamber of Commerce.

While the checks are being made principally through the schools of the county, this particular batch of 240 tails was brought to the Chamber of Commerce in a tin bucket, and show for themselves this count has been credited to the Oak Valley school.

Others who brought rat tails directly to the Chamber of Commerce early Saturday morning were David Woodrow Wilson, of Petty's Chapel with ten tails, and Harold Blankenship, also of Petty's Chapel, with thirteen.

Gaston Lee of Retreat, with 70 rat tails was the first pupil to send results of his kill to the Chamber and these were used for a short time in the display window.

While a number have brought their rat tails directly to the Chamber of Commerce, the campaign committee desires that the tails be counted and reported through the schools since this will simplify matters and is in line with the plan of the prize campaign.

The first 100 who report as many as ten rat tails will receive a free admission to any of the Corsicana theatres with the compliments of M. L. Levine, president of the Corsicana Theatres, Inc. The first ten persons who report as many as 100 rat tails or more will receive a year's subscription to the Semi-Weekly Light. These prizes are in addition to the splendid lists of regular prizes.

A considerable amount of poison is being handled by Corsicana druggists, and an additional shipment of 500 pounds for distribution through the county through the drug stores was received at the Chamber of Commerce Saturday morning.

E. C. Cates, special representative of the United States Biological Survey, and County Agent Henry Gentry, who are directing the field work of the campaign, are delighted with the fine spirit of co-operation shown by the public schools.

J. L. Halbert, chairman of the Chamber of Commerce Agricultural Committee, is giving Monday to the campaign and will go with Mr. Cates to Frost and other points in the west of the county. Secretary Roy Christian and Mr. Cates are scheduled to go Tuesday to Kerens, Powell and Rural Shade.

INTEREST IS HIGH IN RAT CAMPAIGN NAVARRO COUNTY

Interest is high in the rat campaign which is being carried on through the schools of the county. E. C. Cates, special representative of the United States Biological Survey, has visited a number of the schools over the county, organizing the children and announcing the annual roll call. The campaign will close on December 17.

Gaston Lee of the Retreat community holds the lead at present in the race for the greatest number of rat-tails for the individual hunters, with a total of seventy. William Porch of Black Hills is second to date with 46 to his credit. The schools received credit for the individual kills in addition to the honors given the killers.

All of the school principals of the county are asked to report the result of the campaign to the County Superintendent, Andrew C. Steele at once so that a preliminary standing sheet can be made. Cates reports that a number of schools visited had already started their campaign and had a number of rat tails to be counted when the field party visited them.

At Richland, large quantities of poison have been sold and all of the supplies of traps have been exhausted, and more ordered. More than 200 rats have been reported to the schools here. Considerable activity is going on in all parts of the county.

A display of rat-proof house construction is on display in the window of the Chamber of Commerce that is attracting considerable attention. The model shows the best way of building so that rats cannot enter the house in any way, or even find their way into the walls.

Regarding the importance of the eradication of rats during the campaign, Cates pointed out that each rat on the premises does approximately \$2.00 damage each year. The fire insurance underwriters automatically charge off a yearly loss of \$20,000,000 in the United States. One rat in Dallas makes a "disposal" of \$10,000 for rat damage.

In addition the biologist stated that every female rat reproduces at the age of three months, bringing forth five to ten litters a year with eight to ten rats in each litter. At this rate in eighteen generations or in approximately three years, one pair of rats would have reproduced into 359,709,492 rats, all descendants of the original pair, providing there were no deaths, and the mortality rate is not high among rodents.

ANNUAL ROLL CALL KNIGHTS OF PYTHIAS DREW GOOD CROWDS

Special to the Sun.
Kerens, Texas, Nov. 25.—Following the custom of the Knights of Pythias order, something like forty members gathered at the lodge room Thursday evening to answer the annual roll call. After the regular routine of business was disposed of each member answered the roll call, most of them responding with worthwhile talks. Some of the remarks talked at length on Pythianism which was both uplifting and instructive.

After the lodge closed the members were invited to Scott's cafe where refreshments consisting of sandwiches, coffee, milk and pie were served. This was thoroughly enjoyed, those attending giving much evidence of an evening enjoyed.

EXPLOSION OF GAS STOVE AT SAPULPA RESULTS FATAL

By Associated Press.
Sapulpa, Okla., Nov. 26.—Two children, four and two years old, were burned to death and their father, O. J. Carr, probably fatally injured when fire consumed their home today. The fire was caused by an explosion of a gas stove. The father and mother were in the yard of their home while the two children, Merle and Eugene, were in the house. Carr rushed into the burning building to rescue his children. The youngest had already been burned to death. Carr rescued the older one and started for the door.

So quickly had the fire enveloped the home dwelling that it was a mass of raging flames when he attempted to flee he was forced to drop the child. Unable to recover him, he staggered from the building.

The Courage to Say "NO"!

The desire to APPEAR more prosperous than we really ARE is the outstanding factor which is responsible for much financial worry that should be avoided.

When the hand of temptation beckons us to unlock the door to luxuries which we can't afford, it may be hard to say "NO" but it's a duty nevertheless.

Unrestricted indulgence breeds disaster, while the quality of restraint produces permanent happiness and contentment.

The man who has the courage to say "NO" when tempted to accept credit beyond his real purchasing power, is the man who places honor above appearance and pays his bills on the first of the month.

He is the fellow who justifies the confidence of those who trust him. He may wear his tuxedo less frequently than some of his friends, or he may not even own one. His car may not be as sporty looking or as powerful as his neighbor's but it's PAID FOR. When he is tempted to go into debt, he weighs his income against the contemplated obligation.

Every good citizen tries to maintain a clean credit record by restricting his purchases to what he can afford and paying for what he buys. It is better to say "NO" to an unwarranted desire for possession than to force a merchant to say "NO" to an unreasonable request for credit.

We can make credit a servant instead of a master, by keeping in mind this timely admonition: DON'T HAVE IT CHARGED IF YOU CAN'T AFFORD IT!

CONTINUANCE MOTION IN C. C. HOWE CASE WAS REFUSED MONDAY

Motion for continuance of the case of the State of Texas vs. C. C. Howe, charged with robbery with firearms in connection with the robbery of the First State Bank of Richland on October 12, was overruled by Judge Hawkins Scarborough when the court was opened at 2 o'clock Monday afternoon, and the selection of a jury was started.

Formal motion for continuance was filed by defense attorneys, Norris Lovett and John R. Curington, appointed by the court, and the motion was immediately overruled by Judge Scarborough.

Members of the special venire, and the regular venire were moved from the court room and the selection of the jury begun. W. H. Fendley of Kerens was the first juror accepted, and the fourth examined.

Prospective jurors were questioned by Judge Scarborough concerning possible prejudice in the case and as to whether or not they were willing to accept a death penalty before being turned over to the State and defense attorneys.

H. V. Ware of Powell was the first man summoned, and was excused by the state after being questioned by both sides. He was followed by Cecil Johnson of Kerens, who was excused by the state. R. Ray of Emhouse was accepted by the state but refused by the defense.

The defendant seemed undisturbed by the overruling of the motion for continuance, but as the questioning of the jurors continued with particular emphasis on the assessment of the death penalty, Howe seemed to become slightly nervous and began fumbling with papers on the table in front of him, conferring frequently with his attorneys and casting frequent glances at relatives in the court room.

The State of Texas through L. J. Nagda, county attorney, announced Monday morning at 10 o'clock for the trial of C. C. Howe, white man, on an indictment for robbery with firearms in connection with the robbery of the First State Bank of Richland, Oct. 12, when \$3,905 were taken in a daring daylight hold-up. The bandits alleged to have been involved in the Richland deal are said to have made their escape in a black automobile belonging to Jack Womack, of Mexico. The car was later recovered in Oklahoma.

The defense attorneys, John R. Curington and Norris Lovett, appointed by the court, announced not ready after a lengthy interview with several witnesses. Attorney Curington stated to the court that in view of the fact that the attorneys had been in the case only a short time, time was desired to confer with witnesses. After the conferring of the attorneys, the defense stated that due to the absence of material witnesses the defense would not be ready and would present a formal motion for a continuance on that ground at 2 o'clock Monday afternoon.

Hawkins Scarborough, judge of the Thirteenth Judicial District Court, will rule on the motion at 2 o'clock. It was announced shortly before noon Monday.

The defense attorneys called a list of witnesses of more than forty names, about half of whom were absent.

Mrs. C. C. Howe, wife of the accused man, and other relatives were present Monday morning.

At 10 o'clock, the accused man accompanied by Sheriff J. T. Wilson and Deputy Sheriff Jess C. Speed, arrived in the court room. The accused was dressed well. The court room was crowded, the main portion being filled with a number standing in the aisles and at the rear. The balconies held scores but the balconies were not taxed with spectators.

Judge Scarborough called the special venire and regular jury list for the week. A number were excused due to sickness, sickness in the family, over age and grand jury service.

In the event that the judge overrules the defense motion for a continuance, the selection of the jury to try the case will get under way.

A. P. Burton, 21, white man, is scheduled to go on trial here Wednesday on a similar indictment. He received the death penalty in his trial a week ago in Limestone county in connection with his alleged participation in the robbery of the First State Bank of Tehuacana, Nov. 3. A motion for a new trial has been presented but the trial judge has not handed down his ruling in the matter.

Dock Potter, the third man to have been indicted in connection with the Richland deal, is scheduled to go on trial here Friday morning in the district court.

It has not been officially stated what the State will ask in the event that the case goes on trial Monday afternoon, but it is thought in some quarters that the death penalty will be asked.

When the court adjourned shortly after 11 o'clock Monday morning, all defense witnesses were asked to meet the defense attorneys at the court room at 1 o'clock for a conference.

By Associated Press. Corsicana, Texas, Nov. 28.—Eugene H. Blount, statesman, financier and philanthropist, died here suddenly today.

The body was found in bed by a servant at 8 o'clock Friday morning.

He had attended to business Wednesday, although suffering from a severe cold, and physicians attributed his death this morning to heart disease.

Mr. Blount was born at San Augustine, Texas, in 1872. He was the son of Edward H. Blount and the grandson of H. W. Blount, who was one of the signers of Texas declaration of independence.

He was a graduate of Sewanee and also attended the University of Texas for several years.

He succeeded his father as president of the Commercial State Bank here. He also was president of the Commercial State Bank of San Augustine and the Citicoma State Bank.

He was a member of the Thirty-Eighth and Thirty-Ninth Legislatures, and chairman of appropriations in the Thirty-Ninth. In 1915 and 1916 he was a delegate to the Democratic National Convention.

EUGENE H. BLOUNT, PROMINENT CITIZEN NACOGDOCHES DIES

By Associated Press. Corsicana, Texas, Nov. 28.—A de murrer to the petition for an injunction to restrain a special meeting of the Oklahoma State Legislature was filed today. District court opened here today.

The demurrer was filed by Earl A. Brown, member of the House from Carter county, and former State Senator, on behalf of Leslie Cardwell, House member and defendant in the action, which seeks to prevent a special session called for December 6.

The Legislature of Oklahoma meets only in regular biennial sessions or in special sessions on the call of the governor. F. H. Reilly, Shawnee, Pottawatomie county representative, argued before Judge Tom G. Chambers.

Reilly, Claude Briggs, of Wilburton, and Clarence Lohman of Pawhuska, appeared in court as attorneys for John A. Simpson, president of the Farmers Union, in whose name injunction proceeding to prevent a self-convened session of the Legislature were launched Saturday.

The court order Saturday was directed against the rebel quartet: H. Tom Knight of Claremore, E. P. Hill of McAlester, Robert C. Graham of Oklahoma City, and Tom Johnson of Antlers, leaders in the extra session movement, and Leslie Cardwell of Colgate, said to be a friend of Governor Johnston.

When the hearing opened it was announced that S. P. Freeling, former attorney general, and Edward St. Box, Freeling's law partner and former executive clerk to M. E. Trapp when the latter was governor, would represent the "Big Four."

As the shadows began to fall the relatives departed to their various homes expressing the hope that the family circle would again be called together unbroken next Thanksgiving Day.

POLITICAL ROW IN OKLAHOMA REACHED COURTS THIS WEEK

By Associated Press. Oklahoma City, Nov. 28.—District Judge T. G. Chambers today declined to issue a temporary injunction intended to prevent the convening of a special investigation session of the Oklahoma Legislature December 6.

Judge Chambers told applicants for the injunction that they had selected the wrong defendants in seeking to restrain four leaders of the session movement from presenting illegal expense claims in connection with the session.

"These four men have no authority to expend any money," Judge Chambers said. "The petition of the plaintiff states that they have no authority. Money expended by the Legislature must be first appropriated. If you will bring an action seeking to restrain the proper authorities from expending any funds, I may entertain it. In the meantime, I am forced to deny your application for a temporary restraining order."

DEATH OF PREMIER BRINGS FEAR THAT CAROL WILL RETURN

By Associated Press. Bucharest, Rumania, Nov. 25.—Rumania was in the midst of a new political crisis today because of the death of Premier Ionel Bratianu. The serious illness of Nicholas Titulescu, minister of foreign affairs, who has double pneumonia, complicated the situation.

Because of the tense atmosphere, the guard in the capital was reformed and troops throughout the country were ordered to be ready to deal with any demonstrations by supporters of former Crown Prince Carol, Bratianu, who dominated Rumania for more than a quarter of a century, was more than any other individual responsible for the removal of Carol from the right of succession to the throne.

Virilia Bratianu, younger brother of Ionel, was appointed premier by the regency which ruled for the six-year-old King Michael. He was asked to resign Sunday when a national funeral for his brother was held, despite the latter's dying wish for the simplest of burials.

Princess Helen, whom Carol deserted when he fled to Paris with Magda Lupescu, is distracted over the premier's death. She fears that Carol will attempt to return and has already expressed her determination to leave the country if he does.

(Dispatches from Paris say that Carol's advisors have urged him to hold himself in readiness for the call for his return which they feel is bound to come soon. He is represented as desiring to return only as a member of the regency.)
